Jerome Russell Cosmetics presents their latest and greatest product, **Hair Color Thickener**. This is one of Jerome Russell's top selling products!

Hair Color Thickener is the spray on answer to thinning hair! It easily covers small to medium size bald spots and it fills in thinning areas of hair. Covering gray hair is also simple with this product.

Hair Color Thickener is easy to use and saves you time. Just spray on your favorite color where needed and you are all set to go for the day. No runny messy from colored hair dye kits. The color shampoos out the next time you wash your hair.

Jerome Russell also offers a Natural Hair Spray and Fixative. This spray is a great compliment to the Hair Color Thickener. The fixative spray helps seal in the color and works as a styling aid.

This product is safe and easy to use. Great when you are in a rush. Both men and women have used Jerome Russell's Hair Color Thickener and are astounded at the fantastic results.
